

Certificate
Natural Cosmetic Product
Positive certification

BIORIUS has performed a Natural Cosmetic Product certification for the product listed below, produced by Organic Pharmaceuticals, LCC.

- Complete care toothpaste «BIOMED CHARCOAL» («BIOMED WHITE COMPLEX» # SP-314-ZP-15 (Natural origin content \leq 98.435%)

Products under natural certification can be labelled with the logo "Natural Biorius" when the percentage of natural origin ingredients by weight in the total product is greater than 90% and when the 10 % remaining does not contain petrochemical moieties, preservatives or denaturing agents from petrochemical origin"

Biorius, because of the foregoing elements, certifies that the product listed above complies with ISO 16128:1/2016 & ISO 16128:2/2017. Therefore, it can display Biorius' Natural Logo as follows:

This certificate has been established based on the composition and raw materials information supplied by the Client to this date. Should any of the raw materials be replaced or the composition be modified, then the present Certificate is no longer valid and the claim "Natural" will no longer be covered by the present certificate.
